Project Name: Industry-specific intelligent fire management system

DATE:06 November 2022

TeamID:PNT2022TMID25436

Python 3.7.0latest version was installed

A screenshot of a Python IDLE Shell window. The window title is 'IDLE Shell'. The menu bar includes 'File', 'Edit', 'Shell', 'Debug', 'Options', 'Window', and 'Help'. The shell displays the following text: 'Python 3.7.6 (tags/v3.7.6:6b9cf1f74, Jun 28 2021, 16:06:21) [MSC v.1929 64 bit (AMD64)] on win32', 'Type "help", "copyright", "credits" or "license()" for more information.', and a prompt '>>> print("Hello World")' followed by the output 'Hello World'. Below this, there are several arithmetic operations: '2+3' resulting in '5', '8+10' resulting in '18', and '112-22' resulting in '90'. The cursor is at the prompt '>>>'. The Windows taskbar is visible at the bottom with the time '10:21 AM'.
